Meeting ID: 835 7141 3997

Passcode: 613949

The Town of Lee, NH is in the process of updating its Hazard Mitigation Plan. This Plan is a tool to be used by the Town, as well as other local, state and federal governments, to reduce the effects of natural and human-caused hazards. Our communities and organizations share common hazards which do not respect governmental boundaries.

All residents, neighboring communities, businesses, and interested parties are formally invited to review a draft of the Updated Plan and publicly comment on their concerns regarding the Plan. If you are unable to attend this meeting, you may access a copy of the planning documents and/or comment on hazard mitigation issues by emailing Jane Hubbard with Hubbard Consulting LLC at [janehubbardconsulting@gmail.com](mailto:janehubbardconsulting@gmail.com) or at [603-848-8801](tel:603-848-8801).
