The Town of Lee, and the Hazard Mitigation Planning Committee, is currently working to update the Town's *Hazard Mitigation Plan*. The *Plan* identifies potential natural, and human caused hazards throughout the Town and various projects and/or strategies to mitigate their effects. All residents, neighboring communities, businesses, and interested parties are formally invited to participate in the update process and publicly comment on their concerns regarding the *Plan*. The Town of Lee values public input and encourages interested persons to complete an online Hazard Survey at: <https://www.surveymonkey.com/r/M8QFW7H>
