Getting Your Prescription Filled at a Retail Pharmacy

CVS/caremark Participating Retail Pharmacies

Participating retail pharmacies can easily access information about your prescription benefit plan and the appropriate payment. You will not need to file any additional paperwork when you use a pharmacy in the CVS/caremark retail network. If you use a pharmacy outside the CVS/caremark retail network, you will pay more for your prescription(s) in most cases. Non-participating retail pharmacies will ask you to pay 100 percent of the prescription price. Then, you will need to submit a paper claim form along with the original prescription receipt(s) for reimbursement of covered expenses.

Day Supply Limit

You can get up to a 34-day supply of medication each time you have a prescription filled at a participating retail pharmacy. Ask your doctor to write a prescription for up to a 34-day supply, when clinically appropriate.

Refill Limit

You may obtain one initial fill plus two refills for maintenance or long-term medications at a retail pharmacy. It will then be necessary for you to utilize CVS Caremark Mail Service Pharmacy for additional supplies. To determine if your prescription medication is classified as maintenance or long-term, please call Customer Care toll-free at 1-888-726-1631.
