P2324-05

Discuss the results of the Regulatory Audit conducted by the Barrett Planning Group, LLC.

Will Downie, from Barrett Planning Group provided a presentation of the results of the Regulatory Audit that Barrett Planning Group performed as part of a grant the Town received from NH Housing Authority. He presented a recap of the most recent governmental data that pertains to Lee followed by a recap of the audit's findings. He announced that as part of the follow up to the audit, they are conducting a survey to obtain more information about the desires of the community. At the conclusion of the presentation, he asked for feedback from the audience by asking them 5 follow-up questions to hopefully seek additional information to see which direction to proceed. The presentation concluded at 8:23Pm and it was video recorded and is available on the Town's website.
